

# Ultra Cal-Mag Chelate

## Important Reasons to use Ultra Cal-Mag Chelate

- 2:1 ratio of Calcium (Ca) to Magnesium (Mg)
- Ca and Mg are often deficient in the diet
- In addition to their many important roles, Ca & Mg are important in bone strength and also in muscle contractions
- Chelated minerals are up to 2 ½ times more bio available than a salt

## Why use Ultra Cal-Mag Chelate?

If muscle spasm is a problem, the addition of this product will often be extremely beneficial. If the spasm is not controlled, consider adding **Ultra Magnesium Chelate** (250 mg magnesium).

In addition, this combination of minerals has been found useful when supplemented in:

acute myocardial infarction	cardiac arrhythmias	depression	muscle spasm
anxiety	cardiomyopathy	diabetes	osteoporosis
asthma	chronic lung disease	intermittent claudication	restless legs
angina	congestive heart failure	hypercholesterolemia	reactive hypoglycemia
		hypertension	stroke
